

Emission Forum Status Report

**WRAP Emission Forum Meeting
July 12-13, 2006**

Alice Edwards, Forum Co-Chair

Completed Projects

- Mobile Source EI Update/Projections
- EDMS Testing and Initial Development
- Stationary Source Projections

Ongoing/Pending Projects

- Representative Community EI
 - Nearly complete contractually
- EDMS operations
- EDMS enhancements
 - XML transfer

Regional Haze Implementation Questions

- Funding and plan for EDMS on-going operations and any enhancements
- Need to track emissions over time
 - How and when?
- Should the forum work to improve less accurate EI sectors and when?
- When should the forum start gearing up for the next round of SIP review and update?
